Discover the Magic of Boston Park Farm: A Fun-Filled Day Out for the Whole Family

Nestled in the heart of the South Yorkshire countryside, Boston Park Farm is more than just a farm—it's a family-run haven of hands-on fun, discovery, and adventure. Whether you're a local or just passing through, this charming working farm is the perfect place for young children to connect with nature, meet adorable animals, and explore the great outdoors.

A Family Legacy with a Modern Twist

Run by the Chappell family since 1975, Boston Park Farm has grown from a traditional arable farm into one of the region's most beloved family attractions. While the farm still produces crops across its 500 acres, it now also boasts a bustling animal trail, a popular tearoom, and—perhaps most famously—the Boston Park Maize Maze, which celebrates its 25th season this year.

First opened in 2000, the maize maze has become a seasonal highlight, delighting thousands of families from mid-July through October. Made from fast-growing forage maize, the maze not only provides hours of puzzling fun but is also harvested later to feed the farm's animals—a perfect example of sustainability in action.

Hands-On Animal Encounters

At Boston Park Farm, little ones can get up close and personal with a wide variety of friendly farm animals. The animal trail winds its way around the park, where children can pet and feed sheep, goats, pigs, ponies, and more. For even more unforgettable moments, special animal petting sessions are offered every day.

Rain or Shine Fun

Don't let the weather stop the fun! The indoor soft play area, perfect for children under 8, ensures that a rainy day is never a wasted one. Plus, the Play Barn with its bouncy castle, the sandpit shed, and the recently expanded animal barns mean there's always something new to explore, no matter the season.

A Hub for Learning and Play

Boston Park Farm has a strong educational focus too. Since 2022, with former teachers Amy and Mary leading the charge, the farm's school visits, and Farmer groups have flourished—offering immersive, hands-on learning about farm life and nature for all children from birth to 11 years old.

Homemade Treats and Gifts Galore

After a busy day, visitors can relax in the farm tearoom, serving up freshly prepared lunches, delicious cakes, and goodies. There's also a well-stocked gift shop—perfect for picking up a toy tractor or a sweet treat to remember the day.

Whether you're making memories in the maize maze, cuddling a goat, or enjoying a hot chocolate while the kids burn off steam, Boston Park Farm is a must-visit destination for families with young children.

Come and experience the wonder of the countryside—where learning, play, and adventure grow together.

Est. 2015

On Thursday 1st October 2015, a small group of around 20 people met for the very first time at The Point in Doncaster. Some were experienced musicians, some had 'dabbled' a little with the ukulele, others didn't know one end of a ukulele from the other! However, on that evening,

Doncaster Ukulele Group

was 'born'!

Since then, under the leadership of Carl Wragg, the group has grown to over 100 members and become a vibrant part of Doncaster's music scene. We meet weekly, every Thursday evening, through term-time at MyPlace in Bentley, offering beginner sessions, instrumental workshops, and a big sing-and-strum group. The group has performed all over the borough (and beyond) and even came runner-up in the 'Ukulele Band of the Year Awards' in 2019 (yes - it's a real thing!). We have played alongside The Hairy Bikers and GeorgeHinchcliffe and Leisa Rae from the Ukulele Orchestra of Great Britain. Our performances help raise money for the William Appleby Memorial Trust, which is the only one of its kind in the country, supporting music education for young people across Doncaster. The Group has already raised tens of thousands of pounds for the William Appleby Memorial Trust.

Being a part of Doncaster Ukulele Group isn't just about having fun with this cute little instrument. We are an extremely close and friendly group, which is unusual for such a large number of members, and fully inclusive. We meet socially away from group sessions and have a huge support network of friends within the group. Some members have moved away, others have left due to work or family commitments, but they are still, and always will be, a valuable part of our group.

Playing with The Hairy Bikers

Just one thing though - don't expect any George Formby! You are more likely to hear Doncaster Ukulele Group strumming away to the likes of Status Quo, Buddy Holly, Queen, Snow Patrol, Elvis Presley, Billy Ocean, Amy Winehouse, David Bowie, The Beatles, Marillion, ABBA, and even the popular sea shanty The Wellerman. We will have a go at anything!

This year is the 10th Anniversary of our wonderful group and, to celebrate, we shall be performing in our very own concert at CAST Doncaster on Wednesday, 24th September. We are already practising hard for this event and are beyond excited!!! We would love to see you there, so please come along and support us, help us to raise even more funds for young musicians in the Doncaster area and have a joyful and uplifting evening with us and our special guests.

A collage of various breads and wheat stalks on a wooden background. The breads include a large loaf of dark brown bread, a round loaf with a white crust, a slice of white bread, a slice of dark brown bread, a large round loaf with a white crust, a large round loaf with a white crust, a large round loaf with a white crust, and a large round loaf with a white crust. Wheat stalks are scattered throughout the composition.

Field to Flour

When you pick up a loaf of bread, it's easy to take for granted the wheat behind it. But growing a crop destined for flour or breadmaking is far more complex than just sowing a field and hoping for the best. It's a careful balance of variety selection, soil nutrition, disease control, timing, and weather — all of which have to align to meet the strict quality standards demanded by millers and bakers.

It's not just about getting a good crop, it's about growing the right crop. That's why farmers rely on precise tools — and that's where we come in. Amazone gives farmers the precision they need to meet those tough milling specs with care and accuracy.

Our fertiliser spreaders, for example, make sure every bit of wheat gets just the right amount of nutrition, without waste or guesswork. That means stronger, healthier crops that are more likely to meet the high standards needed for breadmaking.

This year at Orchard Farm, we've been trialling more sustainable ways of growing wheat. One method involves planting companion crops like beans or peas alongside the wheat. These plants naturally take nitrogen from the air and convert it into a form that crops can use — effectively acting as a natural fertiliser. By doing this, we can reduce the amount of artificial fertiliser we need to apply, helping to lower our environmental impact while still growing a healthy, high-quality crop.

From field to flour, we're proud to play a small part in the journey.

Auckley Sports Day Aug 1956

The photo shows three happy girls from Branton on the original sports field in Auckley in 1956.

Sharon Pearson (aged 5) and her two friends from Branton are eagerly awaiting the start of activities.

The sports were held where Ellers Lane joins Main Street. On the land now are houses and the retail development including Spar and Auckley Pharmacy.

Just a small fraction of the size of today's venue for Auckley Show, this was, nevertheless, an important date in the lives of the local communities.

COMMENCE AT 2 P.M.

1940

Despite the start of the Second World War Auckley was determined to celebrate the summer and put on their annual event to cheer the community. You can see The Eagle & Child were competing in the tug-of-war then, just as they do to this day.

It is also interesting to note that we can see that some prices have fallen over the following 85 years! The cost of admission was then 6d (2½p) Today admission is free for everyone and programmes as well..

Your Safety at Auckley Show

First Aid - can be found near the YWP open sided marquee (*marked on our field plan*) or make contact with any Air Cadet personnel who have radio contact.

A **Defibrillator unit** is located on the outside wall of the Pavilion, facing toilet block.

Lost Children and Property – please report to the Air Cadet Command Tent near YWP marquee (*marked 1 on field plan*)

Leaving and entering the Showground by car- Entering the site and parking vehicles is entirely at the owner's own risk. Please follow the directions of our marshals, they are there to allow you to arrive and leave safely. Please pay attention to any instructions given to minimise the risk of accidents. There is a site wide speed limit of 5mph. Please obey the ONE WAY traffic directions and use extreme caution across the site.

Pedestrians please avoid the perimeter track used by vehicles. Remember this is a field site and the ground may be uneven in places.

Families. Please keep any young children under direct supervision. Please respect all safety barriers and take care in all parts of the site. Keep away from river bank.

Easy Access toilets are provided next to the main toilet blocks.

Baby Changing facilities are within this unit

NO SMOKING areas include within all marquees and all car parking places.

Fire - in the event of fire whistles will blow repeatedly, evacuate the marquees and wait for further instruction in the Play Area near main entrance to showground. Routes are marked by signs and are shown on our Field Plan.

If you discover a fire, raise the alarm by shouting "Fire". Do not put yourself at risk. Move away from danger in an orderly manner. Marshals will spread the alarm and assist in evacuation of any affected marquees.

Fire Extinguishers and Fire Blankets are located next to bar and next to stage in main marquee, next to the outside stage in the Festival Marquee, and further extinguishers are located in the Pavilion, inside doorway to the right-hand side.

Serious Threat of Danger. If an incident occurs that is considered a risk to visitors, announcements will be made by public address speakers and repeated by stewards and all visitors should move to the centre of the Main Arena or Arena 2 as directed by stewards. If it becomes necessary to then evacuate the site instructions will be given as to which route to take. All persons must leave on foot. Vehicles must not be moved. Do not return to cars until it has been announced safe to do so. Be aware that police and rescue vehicles may need to enter the site through the main entrance. Keep the trackway clear.

Field Plan. A site plan is included in our programme and is available at our information desk. This shows the location of safety equipment and services. Also marked are fire exits and escape routes.

If you have any concerns or questions please let us know at our information desk. If urgent ask any marshal or steward, identifiable by blue Auckley Show shirt, high-viz jacket or cadet uniform, for assistance to communicate to our control centre.

*Auckley Show Committee on behalf of our community, would like to thank **558 Squadron Air Training Corp Finningley** for their service helping us deliver a safe community event*
